INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Capital Public Radio, Inc. Sacramento, California

We have audited the accompanying financial statements of Capital Public Radio, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2018 and 2017, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Capital Public Radio, Inc. as of June 30, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 2, 2018, on our consideration of Capital Public Radio, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Capital Public Radio, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Capital Public Radio, Inc.'s internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS June 30, 2018 and 2017

NOTE 1: NATURE OF ORGANIZATION

Capital Public Radio, Inc. (the "Station") is a nonprofit auxiliary organization of California State University, Sacramento ("CSUS"). Its purpose is to provide a trusted source of information, music, arts, and entertainment for curious and thoughtful people in an efficient, sustainable way, strengthening the civic and cultural life of the community served. CSUS owns the licenses under which the Station is allowed to broadcast.

The Station also manages programs and operates the non-commercial radio station KUOP (FM) in Stockton, California. University of the Pacific ("UOP") owned the license under which KUOP was allowed to broadcast until January 2009, when CSUS purchased the license.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Station have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Basis of Presentation

The Station presents its financial statements in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 958, Subtopic 205, *Not-for-Profit Entities – Presentation of Financial Statements* (FASB ASC 958-205). Under FASB ASC 958-205, the Station is required to report information regarding its financial position and activities according to the following three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Accordingly, net assets of the Station and changes therein are classified and reported as follows:

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Station and/or the passage of time.

Permanently restricted net assets - Net assets subject to donor-imposed stipulations that must be maintained permanently by the Station.

Revenues and gains and losses on investments are reported as changes in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled, and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Revenue Recognition

In accordance with the provisions of Financial Accounting Standards Board Accounting Standards Codification Topic 958-605, *Not-for-Profit Entities – Revenue Recognition* (FASB ASC 958-605), unconditional contributions are generally recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Unconditional promises to give (pledges) are recognized as revenues once a valid pledge has been received. The receivable and the corresponding revenue are recognized concurrently. Conditional contributions and pledges are recorded when the conditions have been met.

Unrestricted grants are recognized as support in the statement of activities upon receipt or accrual. The Station reports certain grants as restricted support if they are received with grantor stipulations that limit their use.

NOTES TO FINANCIAL STATEMENTS June 30, 2018 and 2017

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition (Continued)

Revenue for program underwriting is recorded on a pro rata basis for the period.

Receivable balances are stated at unpaid balance, less an allowance for doubtful accounts. The Station provides for losses on receivable balances using the allowance method. This method is based on experience and other circumstances which may affect the collectability of the balance. Uncollectible receivables are charged off when management determines the receivable will not be collected.

Property and Equipment

Property and equipment is stated at cost or, if donated, at fair market value when it is received. The Station provides for depreciation over the estimated useful lives of the assets using the straight-line method. The estimated lives of these assets range from 5 to 30 years. Maintenance and repairs are charged to expense as incurred. Renewals and betterments which extend the useful lives of assets are capitalized.

Equipment purchased with grant funds from the National Telecommunications and Information Administration ("NTIA") is to revert to that agency if the Station wishes to dispose of the equipment within ten years from the date of the grant.

Donated Assets

In accordance with the provisions of FASB ASC 958-605, donated marketable securities, artwork, and other non-cash donations received are valued at fair value at the date of contribution.

Donations of property and equipment (and other assets with explicit restrictions regarding their use) and contributions of cash that must be used to acquire such assets are reported as restricted contributions. The Station reports gifts of artwork as unrestricted because there are no donor stipulations specifying how the donated assets must be used.

Donated Services

Donated services are recognized as contributions in accordance with FASB ASC 958-605 if the services (a) create or enhance non-financial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Station. Volunteers also provide assistance in program and supporting services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria under FASB ASC 958-605 are not met.

Cash and Cash Equivalents

Cash equivalents consist of all highly liquid investments with original maturities of three months or less.

Investments

Marketable equity securities and debt securities which are held to maturity are valued at fair market value with realized and unrealized gains and losses reflected in the statement of activities.

Broadcast Rights

Programming broadcast rights are expensed annually as purchased.

NOTES TO FINANCIAL STATEMENTS June 30, 2018 and 2017

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Concentration of Credit Risk

Financial instruments which potentially subject the Station to concentrations of credit risk consist principally of contribution receivables, cash deposits, and investments at brokerage firms. The Station does not generally require collateral for receivables, and operations are dependent upon these contributions. The Station's contributors are primarily located within and are dependent upon the economy of the broadcast areas of Stockton and the greater Sacramento area. The Station does not believe a material risk of loss exists with respect to its financial position due to this concentration of credit risk.

The Station maintains its cash and cash equivalents in bank deposit accounts. These accounts are insured by the Federal Deposit Insurance Corporation up to \$250,000 per financial institution for each category of legal ownership. On June 30, 2018 and 2017, the Station's uninsured cash balances totaled \$304,725 and \$265,843, respectively. The Station has not experienced any losses on these accounts, and management believes the Station is not exposed to any significant risk on cash accounts.

For those investments held by a broker who is a member of the Securities Investor Protection Corporation, the cash and securities are insured up to \$500,000 in the event the brokerage firm goes out of business.

Functional Expenses

Functional expenses are allocated to program and supporting services based on direct expenditures incurred. Expenses not directly chargeable to a particular functional category are allocated based on an analysis of personnel time and space or other resources utilized for the related activities.

Income Taxes

The Station is exempt from income taxes under the provisions of Internal Revenue Code Section 501(c)(3) and from franchise taxes under the provisions of California Revenue and Taxation Code Section 23701d, except as they may be levied for unrelated business income. After they are filed, the Station's income tax returns remain subject to examination by taxing authorities generally three years for federal returns and four years for state returns.

Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, and disclosures at the date of the financial statements and that also affect reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Advertising

Advertising expense for the years ended June 30, 2018 and 2017 totaled \$84,895 and \$131,397, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements

The Station has implemented the provisions of Financial Accounting Standards Board Accounting Standards Codification Topic 820, Subtopic 10, Fair Value Measurements and Disclosures (FASB ASC 820-10), which defines fair value, establishes a framework for measuring fair value, and expands disclosure requirements for fair value measurements. FASB ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Station determines the fair values of its assets and liabilities based on the fair value hierarchy established in FASB ASC 820-10. The standard describes three levels of inputs that may be used to measure fair value, (Level 1, Level 2, and Level 3). Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Station has the ability to access at the measurement date. An active market is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs reflect the Station's own assumptions about the assumptions market participants would use in pricing the asset or liability (including assumptions about risk). Unobservable inputs are developed based on the best information available in the circumstances and may include the Station's own data.

The fair values of investments are based on unadjusted quoted market prices within active markets and are therefore valued at Level 1 of the fair value hierarchy.

Subsequent Events

Events and transactions have been evaluated for potential recognition or disclosure through October 2, 2018, the date that the financial statements were available to be issued.

NOTE 3: LINE OF CREDIT

The cost of the broadcast license totaling \$4,933,842 has been capitalized. The broadcast license is deemed to have an indefinite life and, as such, is not subject to amortization. INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Capital Public Radio, Inc. Sacramento, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Capital Public Radio, Inc., a nonprofit organization, which comprise the statement of financial position as of June 30, 2018, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 2, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Capital Public Radio, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Capital Public Radio, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Capital Public Radio, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Capital Public Radio, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.
